## EXPERIENCE

### **Cambrio, Cincinnati, Ohio — *Post Developer***

April 2023 - PRESENT

Leveraged expertise in Object Pascal and a custom PST language to develop "Post Translation Programs" for SigmaNEST. These programs automate NC code conversion, improving machine compatibility and streamlining the manufacturing process.

### **Cambrio, Cincinnati, Ohio — *Applications Engineer***

September 2022 - April 2023

Provided technical assistance to customers utilizing the SigmaNEST suite of software tools, and developed internal tools that refined team workflows and increased team efficiency and collaboration.

## EDUCATION

### **University Of Kentucky, Lexington, KY — *Digital Media and Design***

August 2018 - May 2022

Bachelor of Science in Digital Media and Design with a focus on Interactive Development (Web, Desktop, VR/ Game Development).

## PROJECTS

### **Ossia Performance — *Co-Founder, Lead Developer***

Music Technology Startup using SvelteKit, Node.js, MariaDB, and Stripe on AWS and Cloudflare cloud infrastructure.

### **Open Marching — *Founder***

Developing open source software for the marching arts, including an open source drill writing/ visualization software bundle called DotFlow.

## SKILLS

Cross-Browser Compatible, Responsive, and ARIA Compliant Design

Database Administration

Azure DevOps & Git VCS

API Design & Integration

Scalable full-stack infrastructure and Containerization

## LANGUAGES

SvelteKit, TypeScript, HTML/CSS, Python, Go, SQL, C#, Object Pascal

## ACHIEVEMENTS

Fast-tracked to Post Developer in 6 months by exceeding expectations. Developed internal tools that improved efficiency and cohesion throughout departments.

Collaboratively contributed the second-highest number of posts (27 out of 121 YTD), driving a record number of deliveries in Q1, Q2, and Q3 in 2024.
